

Effective Immediately: New IKF Minor Release Form and Procedure for IKF Insurance Program

The legal environment and recent incidents have prompted our insurance carrier to make some changes.

As previously required, parents and the minor need to read and sign the "Parental Consent" and "Assumption of Risk" waivers when attending an IKF sanctioned event.

Notarization of the minor release is needed in two instances:

1) the parental / minor form will be required to be notarized on the parent's signature only if the form is for a new membership or a membership renewal and is kept on file for the racing season, or

2) when a minor comes to an IKF sanctioned event without a parent or guardian and does not have a notarized form on file, he or she must have the notarized form with them, signed by the parent or guardian in order to participate in that event. Only the parent or guardian signature is required to be notarized.

Please do not hesitate to contact John Wallace at his office at 626 253-1262 if you have any questions.
